# MICKEY MOUSE CLUBHOUSE

**Dear Store Manager,**

**Meeska, Mooska, Mickey Mouse!** Open the door to preschool learning fun by hosting a Mickey Mouse Clubhouse event in your store!

Mickey Mouse Clubhouse introduces a new generation of preschoolers to Mickey Mouse and his lovable band of friends as they embark on exciting play-along capers, inviting viewers to help them solve problems and overcome obstacles along the way. Through a dynamic play-along experience that transports them to various locations, both in and out of the Clubhouse environment, young viewers develop early math skills, including: how to identify shapes, patterns, and numbers and how to decipher picture puzzles.

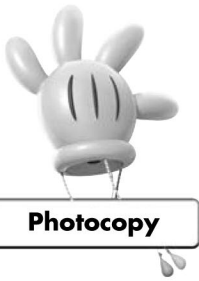

Enjoy playful learning every day with **Disney's Mickey Mouse Clubhouse!**

From your friends at  
**Disney Book Group**

**Also included in kit:**

1. Two Activity Sheets
2. Coloring Sheet
3. Crayons
4. 50 Sticker Sheets
5. Name Badges

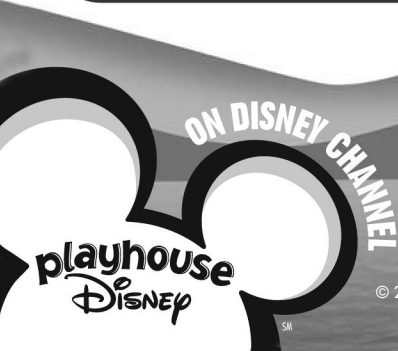

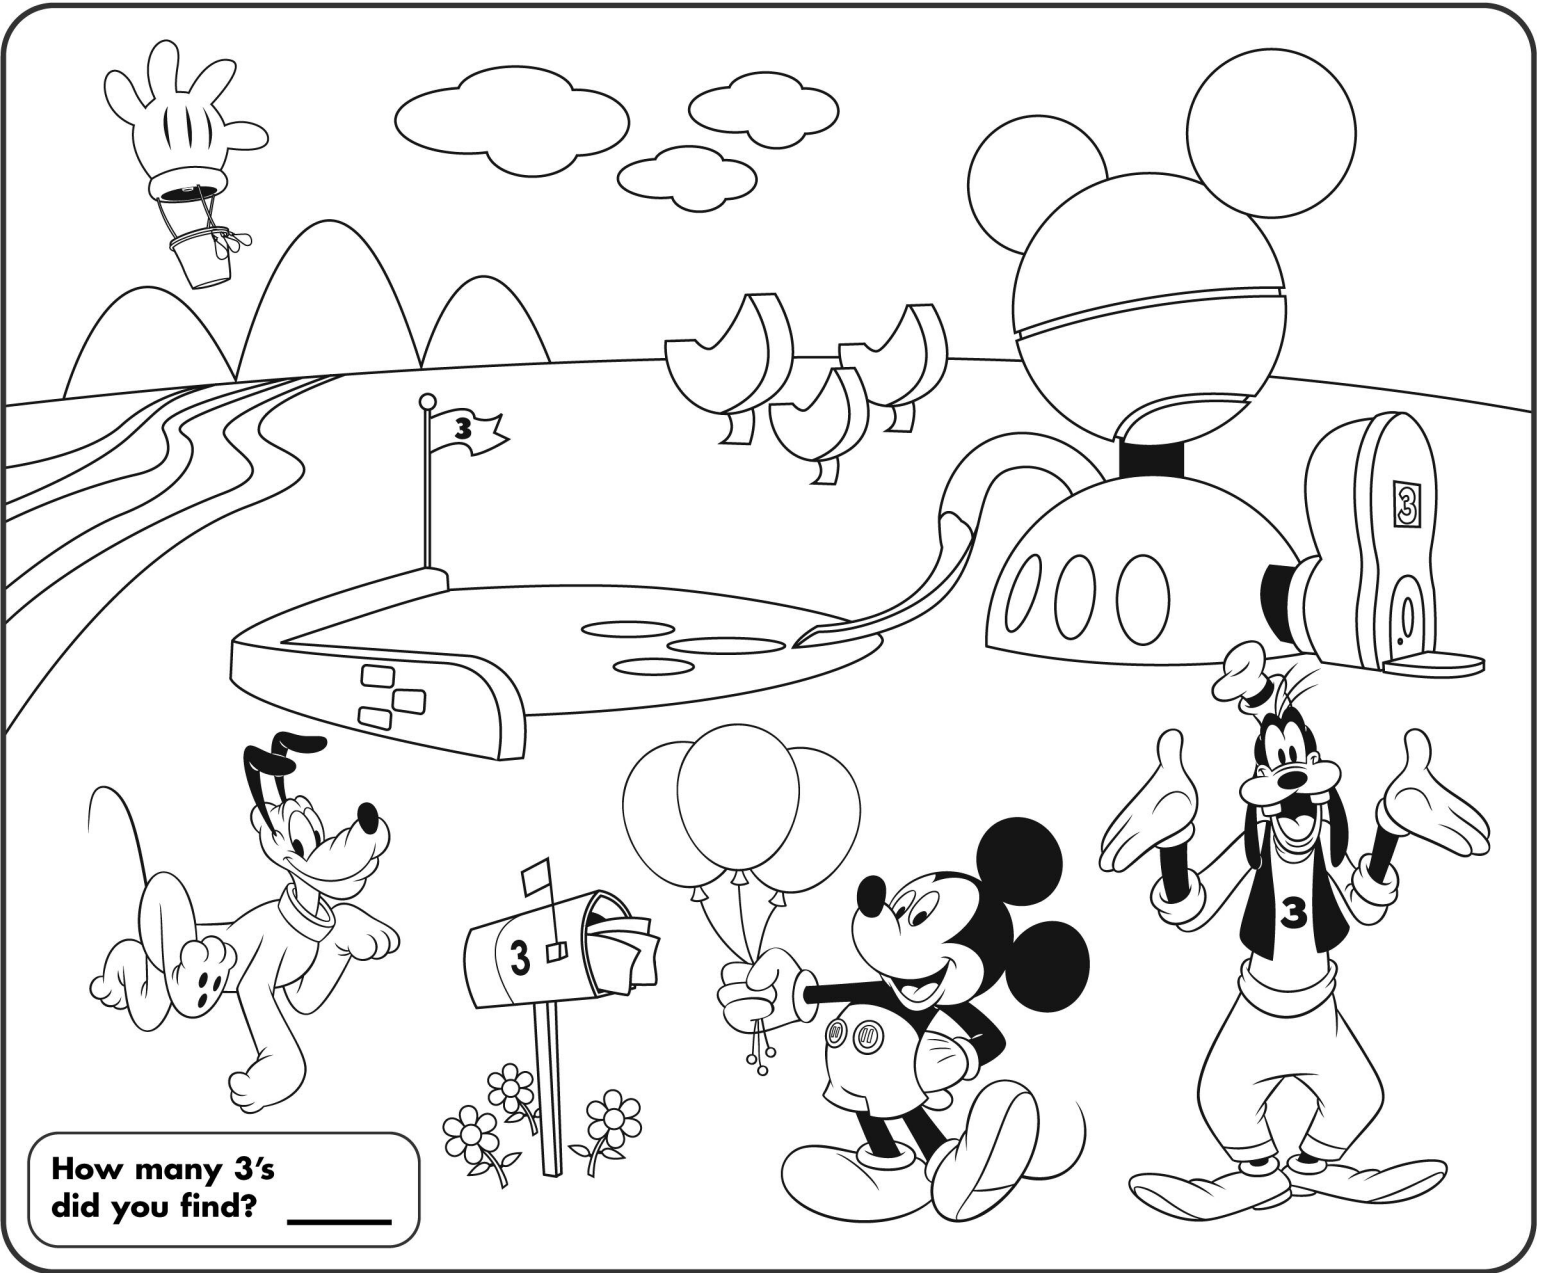

# Number & Numeral Matching

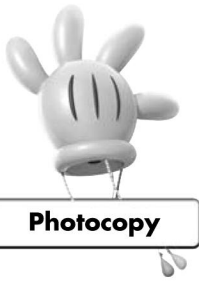

**Objective:** Find sets of three objects and all the numeral 3's in the picture. Children can draw a circle around, or color in, the set of three or the numeral 3 and count how many they find. This activity helps children identify numbers of objects and match them to a numeral.

**For Younger Children:** Use math counters, blocks, or toys to make sets of three. Take a "3 walk" looking for the numeral 3 in a room, in a building, and outside

✂ Cut or fold here

## Find the 3's

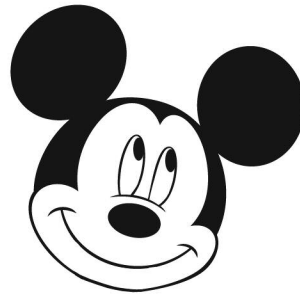

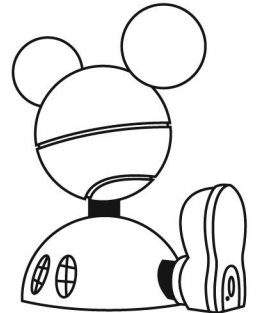

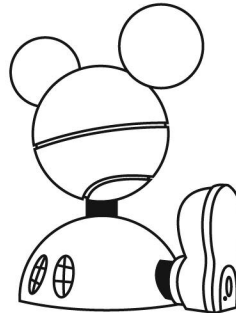

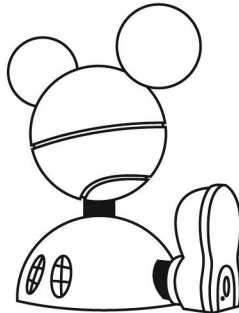

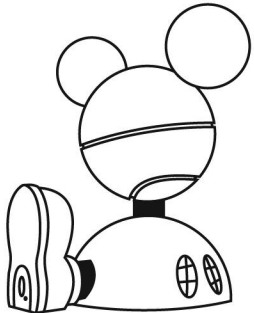

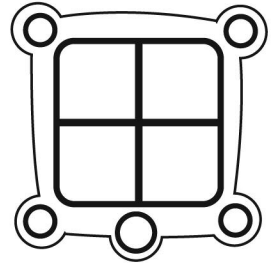

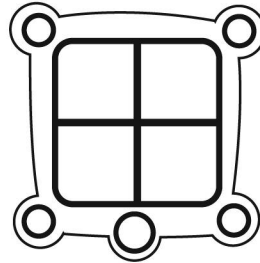

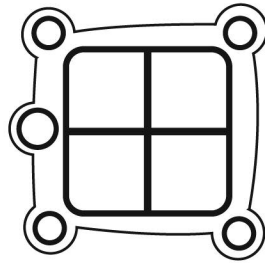

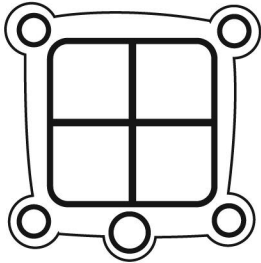

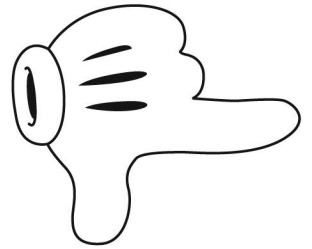

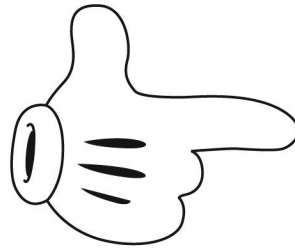

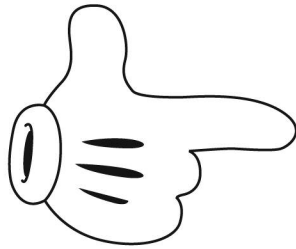

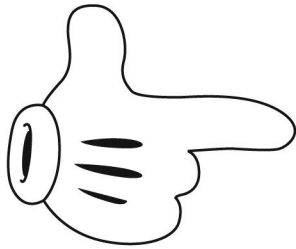

# Pattern Orientation

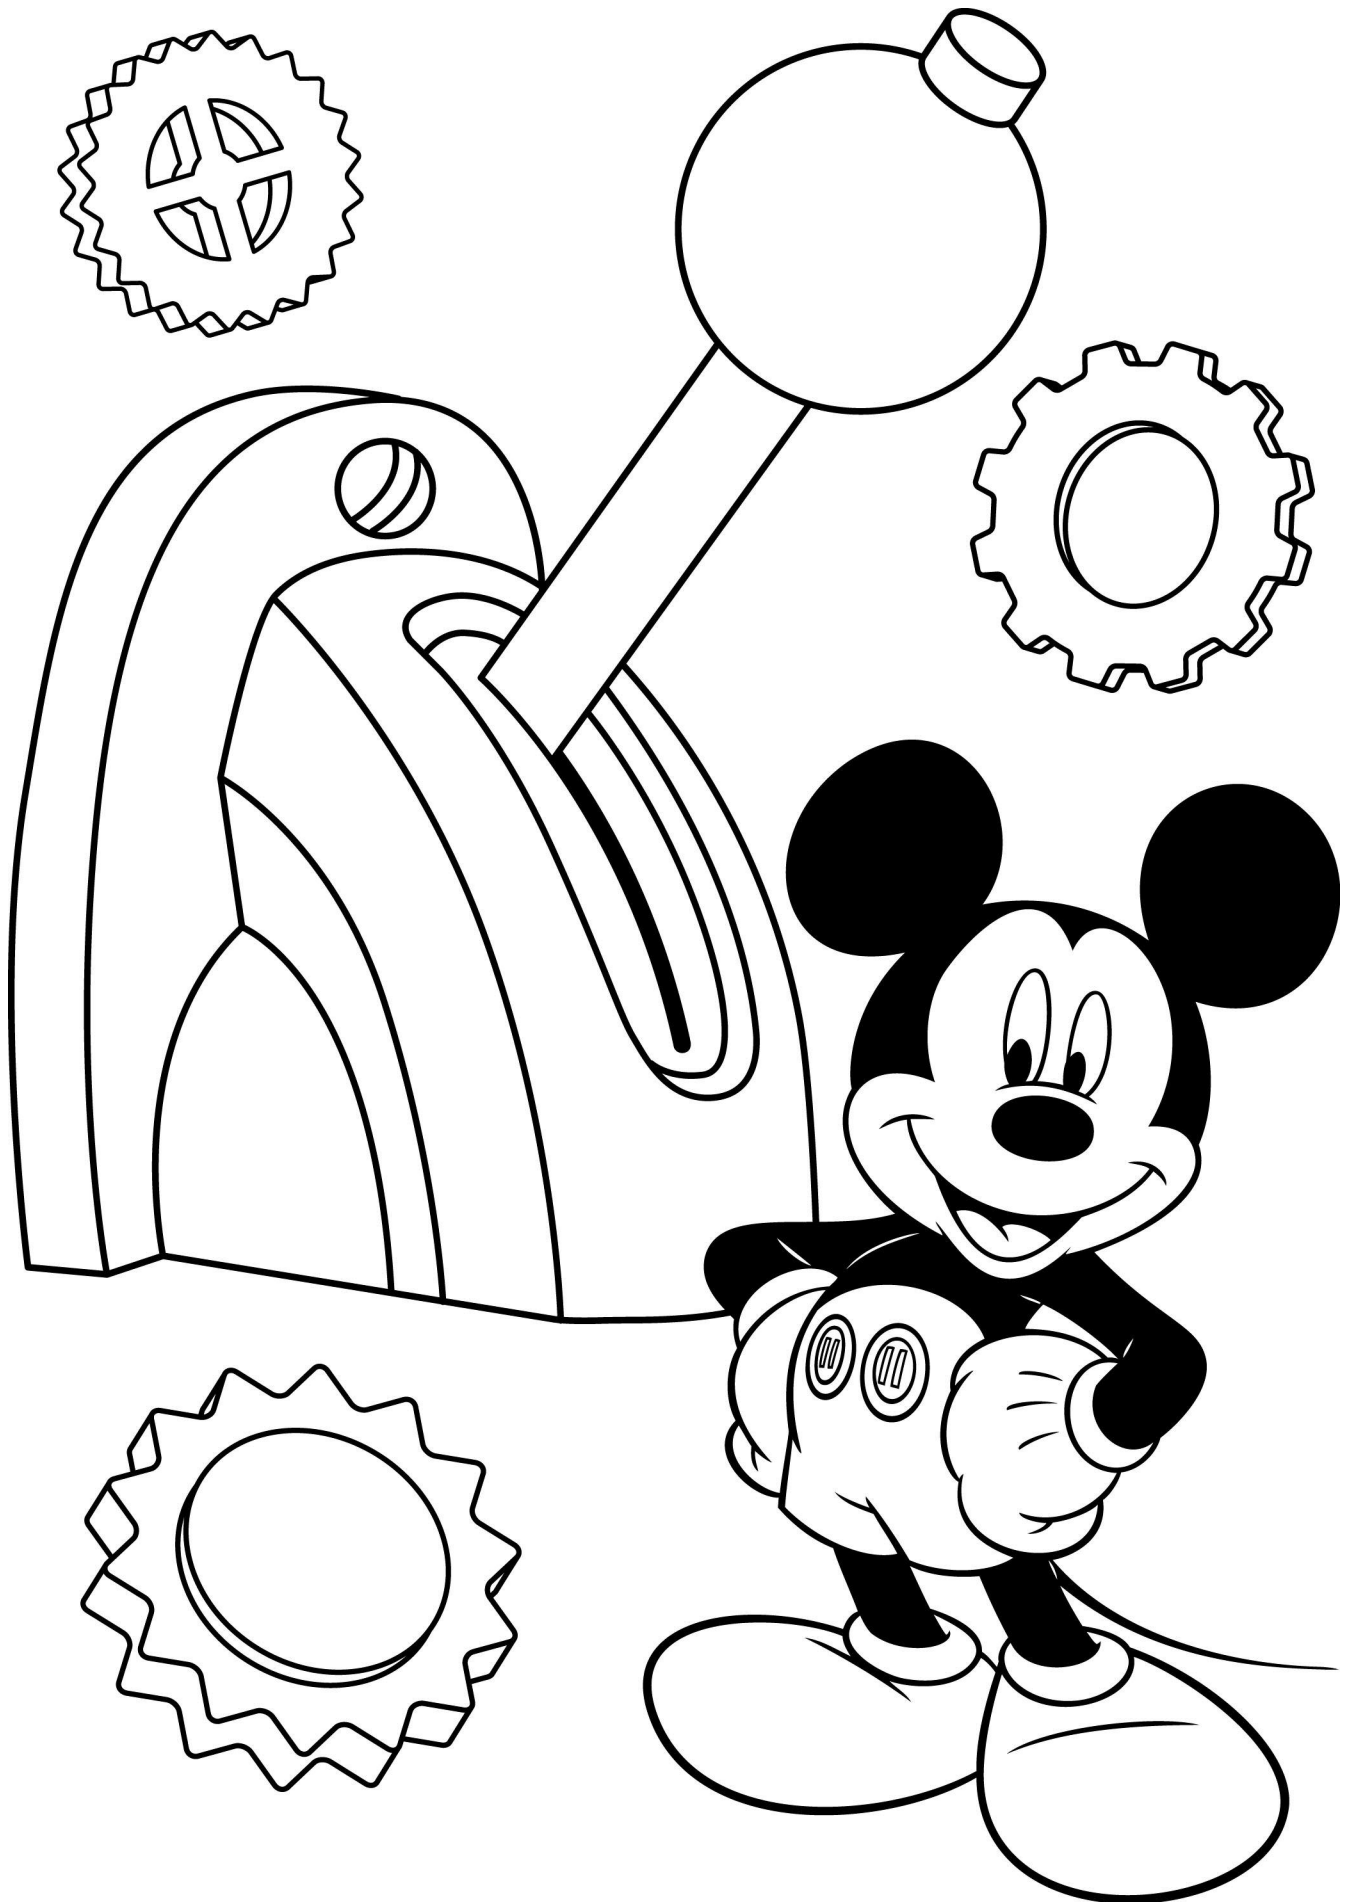

**Objective:** Look at the rows of objects and notice that one has a different orientation. Ask children to mark the one that is different. How is it different? This activity challenges children to see differences of orientation (or positioning) of an object. This skill is important because it is necessary for children in learning to recognize the differences between numbers.

**For Younger Children:** Use rows of similar store objects or toys to create this activity. Just turn one in a different direction and ask children to find the different one.

# Meeska, Mooska, Mickey Mouse!

- Instructions:**
1. Make copies of this sheet—be sure to make enough for the number of attendees expected at your event. There are a total of twelve name badges on this sheet.
  2. Cut out the name tags and distribute one to each child. Instruct them to write their names and favorite numbers in the spaces provided.
